Terry and Annette Halford in front of the 150th Commemorative Town Feature for Dublin. (Jarrad Delaney: 539362)

Jarrad Delaney

It was a long weekend to remember for three Adelaide Plains communities who marked 150 years with events, gatherings and the unveiling of historic markers to commemorate the occasion.

The weekend saw the communities of Dublin, Port Parham and Windsor celebrate their 150th anniversary, with a full programme of events taking place across Saturday and Sunday.

Starting with meet and greets at the Dublin Institute and the Port Parham Sports and Social Club on Friday evening, a crowd gathered at Windsor for the unveiling of the first of three Commemorative Town Features, one each for each town celebrating the 150th anniversary.

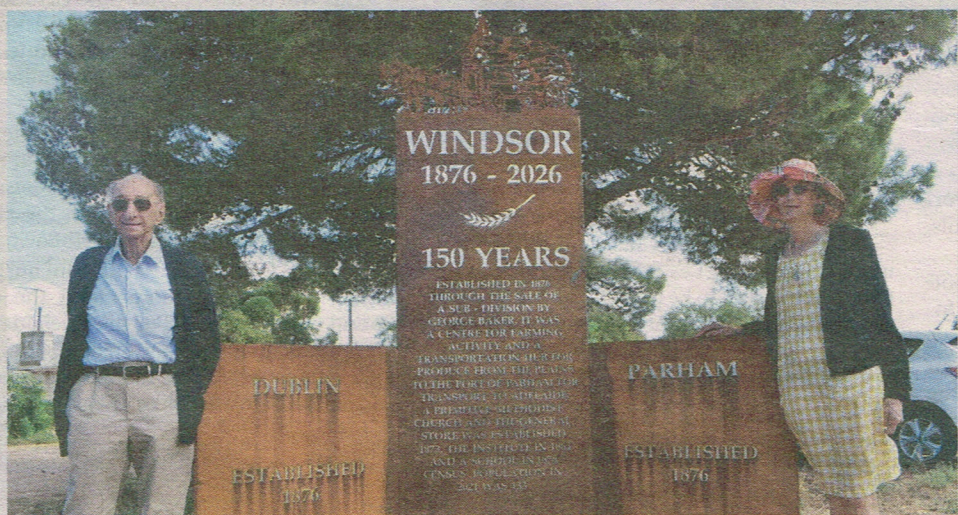

Created by Plasma Art, each feature has a unique design at the top corresponding to a design from the 150th Anniversary logo, designed by Lara Apollo. For Windsor there is a horse and cart loaded with wheat bags, for Port Parham there is a ketch and for Dublin it's the local Institute.

Event committee member involved in organising the 150th celebrations Kym Bailey said the concept came from a trip to Cowra and seeing similar markers there.

Don Williams, 92, had the honour of unveiling the Windsor feature, being a former resident who was born and bred in the town. Mr Williams said it felt special to be back in Windsor for the occasion and to unveil the town feature.
